

Dear IC3 Parent:

Because you are applying for a tuition scholarship, it is essential for us to verify employment status and income level of your family. We realize your time is very valuable, but this information is crucial in determining your scholarship amount. Please take some time to fill out the attached Scholarship Application. Any questions should be directed to the Executive Director or Enrollment Manager.

Please complete the entire scholarship application and submit the following items:

- A contract or letter of employment stating your current gross salary and number of hours you work per week on your employer's letterhead and/or copy of your last two pay stubs.

Graduate Students: submit a letter from your department or advisor stating the income you are receiving through tuition subsidies, stipends, grants, teaching assistantships, etc. Be sure to include any summer funds you might be receiving. Foreign Graduate Students should also submit a copy of their I-20 or DS2019 as appropriate. Keep in mind families in which all able adults are not employed do not receive priority consideration for scholarships.

AND

- A complete copy of your Federal Income Tax Return with all attachments including W-2 forms from the most recent year showing your **annual gross income**. If you file taxes as a non-resident, you should also submit a copy of your I-20 or DS2019 as appropriate.

There have been some common questions as to how we calculate your family income. I would like to answer a few of the most common questions here:

A. How is our scholarship amount decided? We consider your entire financial situation, including all assets, and the priorities we have set for scholarship recipients.

B. If there has been a change in our family income from our most recent Income Tax Return, what should we do? Simply provide both the Return and a letter explaining any changes.

C. If I do not submit an Income Tax Return, what should I do? Provide IC3 as much documentation as you can about your income and assets. We will request further information if needed. Keep in mind families with unverifiable income do not receive priority consideration for scholarships.

Sincerely,

Sherri Koski
Executive Director

When applying for a tuition scholarship IC3 considers all income, resources and assets that make up your entire financial picture. Gross income includes gross wages, salaries, stipends, income from investments, family support, government grants, etc. IC3 will take into consideration all assets, other than your primary home. A tuition scholarship is not guaranteed. Your scholarship amount is at the discretion of the Executive Director after review of financial information.

I have represented my financial situation as accurately as possible. I understand that if my financial situation changes, **I must present new information to Ithaca Community Childcare Center within 30 days of the change.** If I fail to submit changes in my income I understand that I may be required to pay back any difference in tuition owed. Any change in tuition will go into effect as of the first of the month following the change.
